The driver was placed on the ground, at the driver's door of his car, where officers gained control of him and handcuffed him.

Officer Stoppa was asked if he had any physical contact with any of the occupants of the offender's vehicle, and he stated he did not believe so. When further questioned, Officer Stoppa stated "Well we will say not then, it was four months ago and I'm fairly sure I didn't have any physical contact with them." Officer Stoppa denied the allegations made against him and stated that he did not observe any officer present abuse any of the arrestees.

Officer Stoppa was questioned regarding his partner, Officer Garrido's injury and the subsequent injury on duty report prepared. Officer Stoppa stated that during the incident he heard his partner yell "Ouch my head!" He did not observe Officer Garrido at that time, however later he saw a bump on his partner's head. Officer Stoppa stated that he recalled there being an injury on duty report prepared for Officer Garrido's injury, but he did not recall reading the report or the circumstances surrounding the report, although he signed the report as a witness to the incident. Regarding the allegations made by [REDACTED] while Lashawn Wakefield was being treated at Mount Sinai Hospital, several reports were requested from 010th District Officers. In conclusion, based on the foregoing facts presented in this investigation, it is recommended that the allegations made against Officer Alex Ramos receive a finding of NOT SUSTAINED. Evidence does not substantiate that while on the scene of the offenders' arrest that Officer Ramos had any contact with them. It has been established that Officers Keas, Murrin, Dahlstrom, Garrido and Stoppa were the first officers on the scene and to have any sort of initial contact with the offenders. The complaining parties in this investigation failed to cooperate in viewing photograph of officers, in an effort to identify the unknown accused officers in this case. A finding of NOT SUSTAINED is recommended those officers. Although each witness contacted corroborated the allegations that [REDACTED] and Lashawn Wakefield were kicked and struck during their arrests, the identity of the accused officers could not be established.

Officer Garrido submitted a written statement to our office indicating that he sustained injury to his eye during the incident. An injury on duty report substantiates his injury. Officer Garrido stated that he was bumped into the opened driver's side door frame of offender's vehicle, as he was walking past toward the rear of the offender's vehicle to his vehicle. Statements given by other officers, including Officers Kevin Cox and Stephen Murrin, who assisted in the removal of [REDACTED] from his vehicle, stated that the driver's side door was jammed closed and could not be opened, therefore the offenders had to be removed from their vehicle via the driver's side window. Officer Garrido's injury on duty report indicated

that he sustained the injury to his eye when he was removing one of the offenders from their vehicle. It is recommended that Officer Garrido be cited for submitting false information, regarding the circumstances in which he sustained the injury to his eye.

Regarding the allegations made against Officers James Brown, Kenneth Relf, it is recommended that the allegations made against them receive a finding of NOT SUSTAINED.

Victim, [REDACTED] made allegations against Officer Larry Tomala, Star #14976 of physically abusing him. There were no witnesses to support the allegations made and a finding of NOT SUSTAINED is recommended. [REDACTED] alleged that a male black uniformed officer stepped on his wrist and fractured same. During a later interview [REDACTED] gave contradictory information and stated that a female black uniformed officer stepped on his wrist and that a male black sergeant twisted his wrist. [REDACTED] was questioned regarding the inconsistency of his account regarding what occurred during his arrest, and he was unable to provide an answer. It is recommended that the allegations made against Sergeant Robert Scott and Officers Gurvice Dallas and Carolyn Hampton receive a finding of UNFOUNDED, as evidence supports that [REDACTED] gave false information regarding how he sustained injury to his wrist and who in fact caused the injury. The medical report from St. Anthony Hospital indicated that [REDACTED] first told medical staff that his arm was stepped on and then later that his wrist was twisted by a Chicago Police Officer.
